

Sierra Systems' Microsoft Practice

Delivering Innovative End-to-End Solutions Across the Microsoft Stack

For over 50 years, Sierra Systems, an NTT Group Company, has delivered modern industry solutions to Canadian organizations of every tier. Our 16-year partnership with Microsoft has amplified our clients' successes by guiding on-premise, hybrid, and cloud-based Microsoft solutions for award-winning projects that maximize business functionality and rapidly achieve ROI.

Across the spectrum of products, we've showcased our commitment to focusing on in-demand, business solution areas, leveraging evolving Microsoft solutions to meet the evolving needs of our clients.
