

# Bruce County: Innovation for the Modern Workplace

## Networking Innovation

**BruceWorx** was ambitious plans by Bruce County, Ontario's five-person IT team to digitize a 1,500 square mile workplace in nine months. Built on Microsoft Office 365, SharePoint Online, and Skype for Business, this cloud-based digital transformation showcased how small governments can achieve cost-effective delivery of the right information at the right time.

Sierra Systems, an NTT DATA Company, proudly supported Bruce County's IT investment as BruceWorx grew into a solution that local staff and other regional governments clamored for; BruceWorx's acceptance and evolution would guide it to win the MISA Ontario (Municipal Information Systems Association) 2019 Excellence in Municipal Systems Award.

## Digital Workplace

The simplicity of BruceWorx's SharePoint team sites let local admins create workflows and data-sharing policies without engaging IT. SharePoint's governance, combined with InTune's smart data-sharing, balanced flexibility with security and data-sharing policies.

- Roles and member access help ensure data and files are secure
- Solving geographic challenges, BruceWorx lets staff work from any location

## Digital Employees

New staff can start working immediately on their own phone or devices with Office 365 and InTune. Video chat and screen sharing enhances support for IT, instructions, or sharing practical physical events, such as snow levels, or physical infrastructure.

- Access to data, email, files and chat is open to all staff, even short-term hires
- Roles and member access help ensure data and files are secure

## Your Digital Transformation

Find out how Sierra Systems our position as a Gold-level Microsoft Partner to bring cutting-edge collaboration toolsets and methodologies to regional governments. Contact Sierra Systems today to launch your customized cloud-based solution with step-by-step guidance, delivery, and methodical execution of modern public service initiatives.

## Bruce County

The tourism-based economy of Bruce County, Ontario, trusts its small municipal government to upkeep the parks, museum and events, on top of municipal responsibilities of roads, waste, and public administration.

- County staff: 750
- Serviced population: 67k
- Area: 3,978 km<sup>2</sup>
- Towns & municipalities: 8
- Roads: 650 km
